ASPARAGUS ROOTS

● We do not believe it is possible to guard more carefully the quality, trueness to name, type and color of trees and plants than we do, but as we have no control of stock after it leaves our nursery we cannot be held responsible at any time for more than the purchase price of stock. Any complaints should be made at once upon receipt of goods.

New MORRISON

BLACK RASPBERRY

Mr. Morris, the originator, says, "In fruit it has the biggest black raspberries I have ever seen and I have been growing Cumberland for years, but they look small beside Morrison."

County Agent P. S. Crossman says, "The Morrison berry is the most attractive berry I have ever seen. It ripens slightly later than Cumberland, is considerably larger, very dark glossy color, and sells at a premium."

Our supply is limited.
